3. [high sierra installer app](#)

The Sierra operating system is no longer receiving Security and browser updates from Apple, and also falls outside of Microsoft's minimum operating system for installation of Office 365/Office 2019 for Mac.. If you desperately need a lower OS X version build, consider creating a new Developer account among other options.. The new version of High Sierra available for download isn't a major major update, but its worth the switch to get the enhanced Safari Browser.
